

Revolution Y-2M

Now we are launching the market's lightest and most material-efficient height adjustable desks. Our new product range is called "Revolution". The series consists of models Y and T where the shape of the legs has given the frame its name.

- Height-adjustable
- Ergonomic

Revolution Y-2M is a light and flexible electric height adjustable desk, which provides a pleasant and ergonomic work. The desk can be placed both in the environment at home or in the small office. A stylish frame with the y-shaped legs that gives the desk a characteristic design. Revolution Y is also available as a gas-powered frame independent of power supply. To suit all your needs.
