

Tetra Meeting

A solid yet elegant height-adjustable table for larger meetings that call for a versatile, dynamic space.

- Height-adjustable
- Ergonomic
- Elegant legs of square design

Switch effortlessly between sitting and standing to maximize energy levels and interaction during long meetings. With its narrow, square legs, Tetra Meeting exudes a minimalistic yet appealingly solid impression. The straight lines are reinforced by a minimal tabletop overhang in line with the edge of the frame. Available in black or white matte lacquer. Measurements can be ordered in even 10 cm to suit the user's needs.
